## Orlando Spring 2009 Home & Remodeling Show

### **“Booked More Projects”**

“The clientele and traffic were amazing. We have booked more projects from the East Coast Consumer Shows Spring 2009 Home and Garden Show than we have in the past 4 years of doing similar shows. We would definitely recommend this show to any company that caters to residential home owners. The staff was very accommodating to our needs. Great company to work with.”

- John Madison Landscape Inc.

“My company was very happy to exhibit at your spring home show. We have done many similar shows in the area, and never experienced the attendance that your company delivered. We look forward to seeing you this fall!”

### **“Well Advertised”**

“It is obvious to all of us here that your advertising throughout central Florida showed substantial results. Our sales team has collected an enormous amount of qualified leads which we already turned into confirmed sales. Thank you from all of us here.”

### **“Extremely Happy”**

“Our company is always apprehensive to exhibit in new home shows. We are extremely happy that we decided to join you based upon the numbers we have produced from your spring show. Your staff was a pleasure to work with and all the exhibitors were impressed with the fact they were on hand all weekend long. Many thanks!”
